

Terms of Use

Last updated: April 9, 2026

1. Acceptance of terms

By accessing or using barzmarket.io ("Barz," "the Platform"), you agree to these Terms of Use. If you do not agree, do not use the Platform.

2. Eligibility

You must be at least 18 years old to use Barz. By using the Platform, you represent that you meet this requirement. You are solely responsible for ensuring that your use of Barz complies with all laws applicable in your jurisdiction.

3. What Barz is

Barz is a decentralized prediction market protocol built on the Solana blockchain. Markets are peer-to-peer. Barz does not act as a counterparty, broker, or dealer to any trade. The Platform provides an interface for users to interact with on-chain smart contracts.

4. No financial advice

Nothing on Barz constitutes financial, investment, legal, or tax advice. All trading involves risk. You may lose some or all of the funds you deposit. You should not trade with funds you cannot afford to lose.

5. Wallet and funds

You connect your own non-custodial Solana wallet. Barz never has access to your private keys or custody of your funds except as held in on-chain market vaults governed by smart contracts. You are solely responsible for the security of your wallet.

6. Market resolution

Markets resolve based on publicly verifiable data sources (primarily Kwordb for Spotify chart data). Resolution evidence is stored on IPFS and recorded on-chain. Barz reserves the right to void markets and refund participants at cost basis in cases where resolution data is unavailable, unreliable, or compromised.

7. Fees

A 2% fee is applied to each trade. 1.5% is allocated to the Barz treasury and 0.5% to the resolution fund. Fees are non-refundable.

8. Prohibited conduct

You agree not to: manipulate markets through wash trading or coordinated activity; use bots or automated tools to exploit the bonding curve; attempt to interfere with the oracle or resolution process; use the Platform for money laundering or any illegal purpose.

9. Limitation of liability

Barz is provided "as is" without warranties of any kind. The Platform, its developers, and contributors shall not be liable for any losses arising from your use of the Platform, including but not limited to smart contract bugs, oracle failures, blockchain network issues, or market losses.

10. Modification

We may update these Terms at any time. Continued use of the Platform after changes constitutes acceptance of the updated Terms.

11. Contact

For questions about these Terms, reach us at contact@barzmarket.io.
